

24H OF FUN ON THE SLOPES IN AID OF THE FONDATION CENTRE DE CANCÉROLOGIE CHARLES-BRUNEAU!

MONTREAL, NOVEMBER 13, 2007 – The Fondation Centre de cancérologie Charles-Bruneau is delighted to be associated with the 24h de Tremblant for the fifth straight year as principal beneficiary. This major event takes place from December 7 to 9, 2007, and once again, it promises to make a real difference for children with cancer in Quebec.

By taking part in this friendly relay, hundreds of skiers will make a concrete contribution to the fight against pediatric cancer. Proceeds will go toward the ongoing development of the Centre de cancérologie Charles-Bruneau and toward research on pediatric cancer.

“On October 29, 2007, we inaugurated the second pavilion at the Centre de cancérologie Charles-Bruneau. Over the years, the 24h de Tremblant has been an important partner in this ambitious construction project. The event’s organizers, donors and partners believed in the importance of building a pediatric cancer centre serving the entire population of Quebec. On behalf of these children and their families, please accept our heartfelt thanks!” said Pierre Bruneau, President of the Fondation Centre de cancérologie Charles-Bruneau.

Created in 1990, the Fondation Centre de cancérologie Charles-Bruneau has a mission to give children with cancer the best chances of recovery by supporting research and financing the creation and ongoing development of the Centre de cancérologie Charles-Bruneau at CHU Sainte-Justine. The Fondation Centre de cancérologie Charles-Bruneau believes that children with cancer have a right to the best care available so that one day, they can say, “When I grow up, I will be cured!”
