and the spokespersons

## Message from the President and the Chief Executive Officer

FONDATION CHARLES-BRUNEAU

On June 2, 2021, the Fondation Charles-Bruneau announced the largest commitment in its history: more than \$25 million over five years for research aimed at fighting pediatric cancer. In the year and a half since the announcement was made, some innovative and ambitious projects have gotten off the ground at the four Quebec-based university hospitals specialized in pediatric oncology and hematology.

The inspiring advances made to date would not have been possible without the remarkable collaboration of researchers who dedicate themselves daily to finding new ways to cure children and better treat those whose disease is resistant to treatment. They are also due to the extraordinary involvement of a tight-knit community—a true family that has remained close and ever-present in spite of the exceptional circumstances under which we have been living in the past few years.

Thanks to you, our families can look ahead to a future that holds promise.

A heartfelt thanks goes out our loyal partners, generous donors and volunteers for making our cause a core concern. To the members of the permanent team and the board of directors, thank you for the passion that you bring to your work, both at the office and in the field.

**Together, we continue to advance towards a cancer-free childhood.**

**Thank you for joining us on this journey.**

**ME RICHARD LARAMÉE**

President of the Board of Directors  
Partner-Director and Chair of the  
Board of Directors, DS Avocats Canada

**RÉBECCA DUMONT**

## Message from the spokespersons

FONDATION CHARLES-BRUNEAU

If there is one conclusion we can draw from the past year, it's that the Fondation Charles-Bruneau community is resilient, superbly agile, and founded on trust. It's that community's unwavering support, throughout this ongoing pandemic, that has allowed the Fondation to ensure the continued success of all our flagship events in support a cancer-free childhood. And for that, we are immensely grateful.

After our 2020 anniversary edition was postponed, it was a great pleasure to gather again this year to mark the Tour CIBC Charles-Bruneau's 25th anniversary. Whether in person or remotely, more than 600 people took to the road again to cycle the dozens of kilometres on behalf of children with cancer. Meanwhile, the Circuit bleu presented by Pelican and the Soirée gastronomique presented by IGA were also crowned a success, backed by the partners and many dedicated individuals who agreed to adapt their involvement due to COVID-19.

The launch of a new event during this exceptional time was undoubtedly among the Fondation's greatest achievements. The success of the Charles-Bruneau Cup presented by IGA - a ball hockey tournament in honour of Charles Bruneau's love for hockey - exceeded all expectations in its inaugural year. We dared to dream big, and you answered the call!

To the members of the extended Charles-Bruneau family, please accept our heartfelt thanks for renewing your commitment for the cause, year after year. That commitment is the cornerstone upon which our actions have rested for more than 30 years.

# Financial Situation

Report as of June 30, 2022

## Message from the treasurer

FONDATION CHARLES-BRUNEAU

As part of the presentation of its financial results for the 2021-2022 financial year, the Fondation Charles-Bruneau announces net earnings of \$ 5 572 100. Following the historic commitment announced last June, the Fondation remitted a record sum to the four Quebec hospitals it supports in an effort to stimulate the development of projects aimed at fighting pediatric cancer. Since the announcement was made a year ago, the Fondation has distributed total of \$8,777,459 between the CHU Sainte-Justine, the CHU de Québec - Université Laval, the Montreal Children's Hospital, and the CHU de Sherbrooke. In comparison, the sums remitted to these hospitals during the previous year totalled \$3,097,696.

Administrative expenses were managed in a highly rigorous manner, accounting for only 17% of revenues recorded, compared to 18.26% the previous year.

Whether you are a donor, a partner, a volunteer or a participant in our events, we owe you an enormous debt of gratitude. The unprecedented results we have posted here are a testament to your generosity and the trust you have placed in the Fondation.

**Let's continue working together towards a cancer-free childhood!**

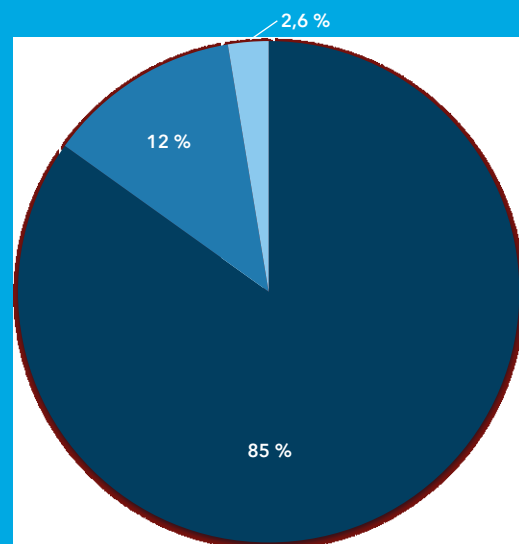

**TYLER HARDEN**

Treasurer  
Fondation Charles-Bruneau

# Exceptional people in the service of childhood

Dedicated administrators, employees and volunteers

## Our volunteers

AS OF JUNE 30, 2022

The Fondation extends a warm thanks to the volunteers who, with their energy and sustained commitment, are the driving forces behind so many charity events.

Dear volunteers, the members of our team are privileged to have you working alongside them on the road to a cancer-free childhood. Your support is essential!

The following exceptional people made all the difference:

### Business Volunteers

Alexandra Saumier; André Thibeault; Bruno Lambert, Bruno Turcotte, Chloé Daigneault-Paris, Daniel Lessard, Denis Codère, Dominic Bessette, France Hétu, Geneviève Dugré, Gilles Beauchamp, Gilles Vachon, Guillaume Bouvier, Isabelle Dubreuil, Isabelle Louis, Jonathan Durand, Jonathan Hamel, Leonardo De Araujo, Louis Jean, Louis-Martin Beauséjour, Luc Couillard, Marie-Claude Charrette, Marie-Ève Breton, Martine Jodoin, Mireille Thibodeau, Nicolas Valence, Nolan Poulin, Patricia McKenzie, Pierre Delisle, Pierre St-Laurent, Rock Robitaille, Rubens Jacques, Sandra Filopoulos, Sylvain Bédard, Sylvain Vinet, Tyler Harden, Valérie Gauthier, Vanda Neves, Werner Imboden et Yvon Dupuis.
